Safeguarding at Falmouth Sports Club

falmouth sports club

WHAT IS SAFEGUARDINNG

⇒ Protecting children and vulnerable adults from abuse and maltreatment

⇒ Preventing harm to children's or vulnerable adult's health or development

⇒ Taking action to enable all children and young people to have the best outcomes

HOW WE SAFEGUARD OUR CHILDREN

As part of our drive to keep our children safe, we make sure that the Welfare Officer and all coaches are 'safeguarding' trained. We also ensure that this training is kept up to date. This means that if there are any disclosures shared or concerns, our coaches and adults know what to do and who to contact.

Any coaches that work for the club have a valid Disclosure and Barring Service (DBS) certificate. This means all adults working with children have a clear DBS.

Safeguarding will always be discussed at our committee meetings

WHAT TO DO IF YOU HAVE ANY CONCERNS OR A CHILD DISCLOSES

If you have any concerns about a child or vulnerable adult, please contact the Welfare Officer immediately using the number or email provided

CODE OF CONDUCT

We ask that all our coaches, members, parents, and children all follow the Code of Conduct. This can be found on the Safeguarding board in the club house and on our website.

OUR POLICIES

In the clubhouse and on our website you will find all our robust safeguarding policies as well as all our other policies to ensure our club is safe and inclusive.

Thank you for helping us to keep the safety of our children and vulnerable adults as the top priority at Falmouth Sports Club.
